COLUMBIA

CYLINDER and DISC RECORDS

They Sound Best

The clear, sweet, natural tone of Columbia Records delights the ear. They reproduce all the characteristic timbre and sympathetic qualities of the human voice with absolute fidelity. All harsh, metallic, disagreeable sounds are entirely eliminated, making Columbia Records the smoothest known.

They Wear Best

Columbia Records outlast all others, by actual test. Thousands of users all over the world are discarding other records for the Columbia.

They Fit All Makes of Talking Machines

Columbia Records sound best on Columbia Graphophones; but if yours is another make, Columbia Records will greatly improve the tone quality of your machine.

C. Green was one of the Medfordites who Sundayed in this city.

Bert Purdue was in from Woodville Sunday, passing the day with acquaintances.

Judge Geo. H. Durham is at Jacksonville and Medford, this week, attending to some important legal business.

Several Ashland youths have been placed under arrest, on the charge of carrying concealed weapons. Their trial will be held later.

Clarence Lovelace, a leading Josephine county farmer was in from the Williams Creek country, Monday and Tuesday, doing some trading with local merchants.

I. Van Durn, one of Merlin's representative citizens was at the county seat, on Monday and while here favored the Courier with a welcome visit.

Judge Prim, of Jacksonville was in the city, this week, on some important legal business and he found his many old time friends glad to give him a welcome once more.

"Barn" Gillette, who has been with the Grants Pass Hardware Co. for some time, has this week resigned the position, to take one with his father in the feed business.

W. B. Stripplin came up from Stockton, Cal., this week, to view this land, with a view to making some investments, should he feel so inclined. He reports finding things even better than he had expected.

Malon Wheeler, at one time of this vicinity, but who now has a place at Phoenix, in Jackson county, is down to spend a few days as the guest of his brother-in-law, J. E. Freye and family.

Isaac Baum, proprietor of one of Spokane's big business houses, is in the city, looking over the field and he may conclude to invest quite extensively in property of all kinds hereabouts.

E. A. Erick of Portland, has been here for a few days, with the intention of making some large investments in acreage. He thinks that there is a great and promising future in store for all this valley, and particularly for this end of it.

One of the big steam vats at the Ashland Cannery which was filled with several hundred cans of fruit which was being cooked at the time, exploded Saturday. Fortunately none of the employes were near it at the time and the damages were confined to the stock and the vat.—Tidings.

F. R. McGregor, who once held forth in this city, in a tenuous way, but who is now located at Portland, was in the city Monday, on his way from a very successful hunting and fishing expedition over in the West Fork country.

R. D. Hunt, the noted burlesque, country owner and the man who has been giving the State authorities so much worry over the observance of the laws governing fishing in Oregon rivers and streams, was in Grants Pass from Gold Beach this week. He was in consultation with his attorney, Judge W. C. Hale, of this city and went from here to San Francisco, on a business trip.

Business at the Grants Pass Post office, says Postmaster Harmon, is simply immense and it is growing greater right along. Owing to the contracted illness of M. A. Green, one of his able assistants, who is bedridden with a last case of inflammatory rheumatism, Mr. Harmon's force is somewhat handicapped. However, they are all positive to their very best efforts and are expending admirably in keeping up the vast amount of work.

In order to see if the sea air would benefit her daughter's eyes, Mrs. H. H. Corliss and daughter, Miss Hazel left last week for Marshfield, where they will remain three months.

Some of the instruments for the new Rogue River Boys' Band have arrived and others are expected soon. Prof. Rowell reports great interest being taken by the members and he predicts that this will prove to be a fine organization.

Hereafter the Western Electric Co., which manufactures the telephone apparatus used by the Bell people will sell to anybody, thus offering it as superior equipment, in competition with the inferior makes which have been used by the "independent" lines.

A jolly crowd of Grants Pass school teachers, taking advantage of the superb weather, boarded the carryall, with Noble Parker holding the reins of the four horse team, Saturday, and journeyed out to take an inspection of Carson's "Redland Vineyard." It goes without the saying that they had a delightful time.

M. D. L. Crooks, the well known Dryden resident was at the county seat Saturday, making arrangements for the local dealers to handle his wife's fine dairy butter which is becoming quite popular. He had the Courier print some butter wrappers for the desirable product.

The South Pacific Hospital is just moving into its fine and more commodious quarters, in the nice Croxton residence of 10 rooms, on B street, where the management will be much better prepared to care for the constantly increasing volume of patronage. Miss Mattison, assisted by an efficient corps of experienced helpers, is succeeding admirably in building a good institution and one that is much needed in this city and county. It is said that out of a total of 40 surgical cases which have recently been performed at this hospital, only one of the operations has resulted in death.

STATE SNAPSHOTS

Here is the way Editor Kaiser, of the Ashland Valley Record comments upon the recent industrial fair held in Grants Pass: "The district fair at Grants Pass was a success and showed that the people of Josephine county are wide awake and enterprising. There was no 'hoss racing' yet the people were well pleased with what they saw. The old idea that a local fair cannot be a success without an assortment of fake horse races wherein the betting public generally got jobbed, is passing away."

The Roseburg Spokesman speaks about Grants Pass' saloonmen closing on Sunday, after this fashion: "When made to do so the saloons of Grants Pass decide to close Sunday and comply with the law. They are compelled to do this because a few people unite to see that the law is enforced. Such results can obtain in any town where there are few who join hands in an effort to uphold law and order. To open the back door and sell over an improvised bar is just as much a violation of the law as to sell from the regular bar. If there is no intention to enforce the law strictly then put a stop to a pretention to do so."

Editor Bliton, of the Medford Mail thus sizes up things at Grants Pass: "The lid is on tight in Grants Pass. Owing to agitation of the matter of closing saloons on Sunday, the word went out that the ordinance governing the case would be enforced, and the saloonmen voluntarily decided to close on Sunday, and to henceforth strictly observe the law. The sentiment in favor of strict Sunday closing is one that is growing stronger all the time, and it will be but a short time until the observance of the law will be universal."

This is the way Editor Bates of the Umpqua Valley News discourses on the railroad situation: "Besides the millions of net profits Harriman has made Oregon he is causing Oregonians an actual, literal loss of millions annually because he will not equip his few miles of roads in this state so as to transport their products. We wonder how long the people of this state are going to stand this."

A Most Worthy Article

"When an article has been in the market for years and gains friends every year, it is sure to call the attention of a worthy one. Such is Dr. L. A. Horwood's Serravallo's Compound. One of the best known physicians in Mobile, Ala., writes: 'For five years my family has not been troubled with the winter cough we were able to buy Dr. Horwood's Serravallo's Compound. I know it has saved my children from many sick spells.' Sold by National Drug Co., Ltd. by Demary."

ONE MORE OPPORTUNITY TO SEND FOR EASTERNERS

The Extra Low Rates From Eastern Points Will Soon Stop Now is the time to Write.

(Special Correspondence)
Portland, Ore., October 14th, 1907.
If a single reader of this paper has failed to write letters to some old friend, acquaintance, relative or other person who may be benefited by coming to Oregon, he should write today. The colonist rates close October 31st and if you want your letter to get results it must be forwarded at once. The rates are \$25 from Missouri River points, St. Paul, Winnipeg and all the country adjacent, \$30 from St. Louis and \$35 from Chicago, with a reduction of \$2.50 to points East of Omaha. Similar rates from every other point in the United States. Get busy and add one family to the population of Oregon.

The Open River meeting at the Dalles joined the concentrated force of the best workers of Oregon, Washington and Utah. The improvement of the entire Columbia River should be under continuous contract now that the United States Government engineers' last survey, made in June, showed 25 1/2 feet of water over the bar at lowest tide, with 32 1/2 feet at high tide.

The Interior, the official publication of the Presbyterians of the United States, devoted 16 pages of its October issue to Portland as a Presbyterian city, in which the attractions of Oregon are effectively presented. The illustrations show, among other things, an irrigation canal, agricultural, fruit and cattle scenes, handling of logs, the production of roses, and the strength of the city and the State from a church and educational standpoint. The author of the article is Mr. Nolan B. Best, Managing Editor of the Interior, who gathered his information personally while on a visit to Oregon.

Contract has been let for the grading of the track of the Portland Country Club Live Stock Association, and the architects are at work upon plans for the amphitheatre, club house and other buildings. As these grounds are within 20 minutes of the heart of the city, the attendance should be enormous, and the livestock display even better than that at the Lewis and Clark Exposition.

It has been definitely decided that the Oregon State Dairy Association will meet in Portland, December 19-20. The Portland Commercial Club offers two gold medals, one for butter and one for cheese, while the Portland Flouring Mills put up a purse of \$100 in cash for the best general display. The complete proceedings of the meeting will be published. The details are in the hands of the Association's officers, Ed. T. Judd, president, Turner, and F. L. Kent, secretary, Corvallis.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 300 grains of impure matter left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, "ropy" deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. R. M. Eberly, Fifth St., Corvallis, Ore., writes: "My daughter was suffering from a slight attack of kidney trouble and her health was becoming run down. Hearing of Deane's Kidney Pills, I purchased a box from Clarence drug store and upon giving them to her, I received immediate relief. She is still taking them and from all indications, it will only be a short time until she is entirely free from the trouble. I gladly recommend Deane's Kidney Pills to all those who have similar afflictions in the same manner."
